## A Letter From MOLLIE:

**Happy Valentine's Day!!!** If there's ever a time to talk about **LOVE**, it is now. As COVID-19 and politics have combined to make a perfect storm, we are seeing extreme differences in each other on how we approach it all. Some of us are more fear based, some of us are more risky, some of us are angry, some of us are sad, and some of us just don't know what to think or feel. This makes it hard to love each other. When everyone is at peace, we seem to be a little more agreeable with each other. But now, it seems the stress of COVID-19 and politics has pulled out our differences which has pulled us apart. It's time to go against the grain and **LOVE** beyond our differences. Even when we don't understand other's approach to this stressful time, we are called to love each other through it all. *"Be patient with each other, making allowance for each other's faults"* Ephesians 4:2 (TLB). We need to remember

our brother's approach to this stressful time may be different than ours. As a church family and in our own families, let's teach our kids to be different and **LOVE** despite our differences. Let's treat others the way God has asked us to in 1 Peter 2:17, *"Treat everyone you meet with dignity."* 1 Peter 2:17, (MSG).
